

Yellow Star Day Nursery

Your Child is our Priority

Welcome

Welcome to Yellow Star Day Nursery which has been uniquely designed to accommodate your child at each stage of his or her early development.

Our staff of highly qualified and experienced professionals will care for your child in a stimulating environment, centred around play, for exploration and discovery.

Each member of fully-trained staff will enthusiastically and successfully deliver the Early Years Foundation Stage (EYFS) curriculum to your child.

We encourage parents to regularly read our Learning Journey File which is maintained by our staff on a daily basis to record your child's progress and development throughout his or her time with us.

Which Nursery?

At Yellow Star, we understand that choosing a nursery can be daunting, but we aim for this important decision to be a positive and straightforward experience for you.

Our prime objective is to provide a safe and stimulating environment where your child can develop, learn, and enjoy new and exciting challenges.

We encourage a wide range of indoor and outdoor learning activities with equipment tailored to specific age ranges. Children have access to an outside area which will provide them with fresh air, exercise and outdoor play.

We welcome visits from prospective parents and recommend you make an appointment through the Nursery Manager or the Deputy Nursery Manager.

Yellow Star Nursery is registered with Ofsted and you can visit www.ofsted.gov.uk.

Healthy Eating

We understand the importance of a healthy diet for the physical and mental growth of our children.

Our fully-qualified cook prepares a healthy, balanced and varied diet to all children within our care. Meals are carefully selected to provide a balance of all food groups. We would be pleased to discuss any dietary requirements that your child may have.

We aim to provide children with five fruit and vegetable portions each day through meals and snacks.

Children are provided with milk or water throughout the day and drinks are readily available for maintaining fluid levels.

Our menu is available for viewing and is located in the entrance hall of the Nursery on the Information board.

Outdoor Play

Health, fitness and fresh air are key elements for growing children. We all understand the importance of exercise and the need to introduce this at an early age as an enjoyable experience.

Our bespoke play area is suitable for children of all ages and boasts an extensive range of appropriate learning materials, high-quality toys and activities. During outdoor play, children can learn to interact with others, share and develop social skills.

Weather permitting, our children will also enjoy the benefits of our nearby parkland area where they will be encouraged to investigate nature, run, play and feed the ducks. This is carried out under strict supervision to ensure that your child can play safely whilst experiencing the great outdoors.

Our Approach

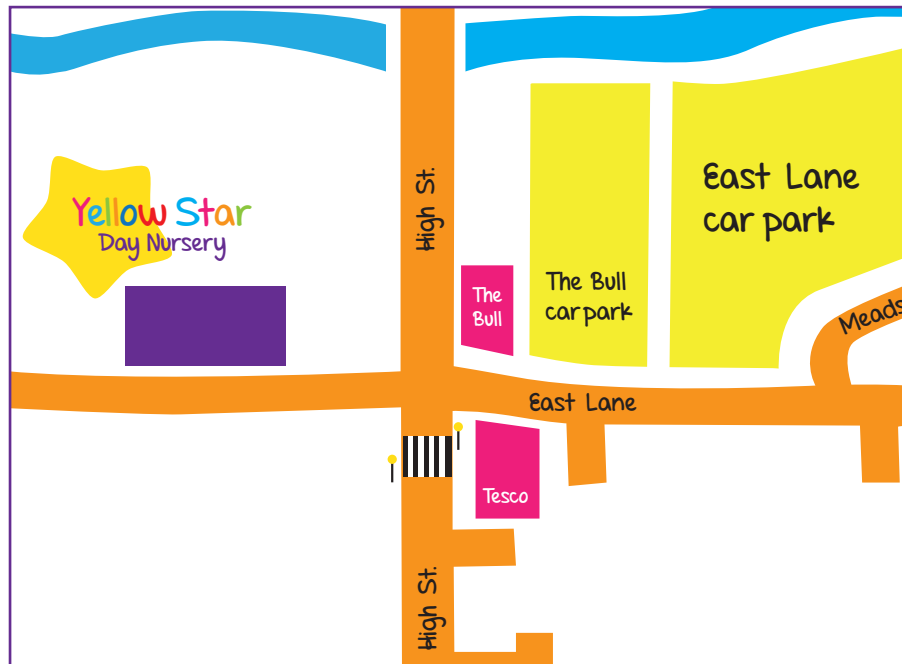

At Yellow Star Day Nursery every child is treated as an individual. We will ensure that each child's needs are met during their time in our care. This means that a perfect balance of education, play and rest is achieved.

We will encourage children to explore their world, learn to use their imagination and express themselves. Our philosophy is that Yellow Star children should be confident, content, caring and sharing. We introduce social skills and help children to build relationships, through play.

Our objective is to enhance the physical, emotional and educational development of Yellow Star children and encourage them to develop creative thinking.

Yellow Star Day Nursery
